RE: Shell Oil Company-Wood River Refinery  
Wood River, Illinois IL0000012305

Dear Mr. O'Brien:

Notice is hereby given that the United States Environmental Protection Agency (U.S. EPA) has determined that the above facility is in violation of a requirement of Subtitle C of the Resource Conservation and Recovery Act (RCRA) as amended by the Quiet Communities Act of 1973. Specifically it has been determined that Shell Oil Company-Wood River Refinery is in violation of Section 3004 of RCRA (42 USC 6924).

On March 4, 1981, representatives of the Illinois Environmental Protection Agency (IEPA) inspected your facility at Wood River, Illinois. The report is forwarded for your information. The purpose of this inspection was to determine your facility's compliance status with RCRA. The inspectors found that:

1. There was inadequate aisle space to allow unobstructed movement of personnel and equipment to any area of the facility in response to an emergency which is a violation of 40 CFR 265.35.
2. The facility's operating record and Contingency Plan did not contain arrangements agreed to by local emergency response organizations to coordinate emergency services pursuant to 40 CFR 265.37 and 40 CFR 265.52(c).
3. An evacuation plan was not included in the Contingency Plan which is a violation of 265.52(f).
4. Copies of the Contingency Plan had not been submitted to all local emergency organizations which is a violation of 40 CFR 265.53(b).
5. Corrosive wastes were stored in tanks in violation of 40 CFR 265.192(b).

You are hereby requested to provide documentation to this office, within 15 days after receipt of this Notice of Violation, informing us of action taken to correct these violations. Please address such documentation to U.S. Environmental
